

Margie Olson Is Named A National Merit Scholar

Margie Olson - Marguerite is the way she was christened and how the name appears on school records -- is a national merit scholarship finalist, the only one in the area. There are some in Joliet and in the vicinity of Chicago Heights but Margie is the only one in this area.

There are approximately 1,900 youngsters in the nation selected for the finalist list -- the largest number in the 10-year history of the scholarship competition.

Besides the funds of the National Merit Scholarship Corporation that are given some scholarship winners there are now 270 or more business firms who give monetary assistance to winners of national merit scholarships. Nearly 1,400 of the scholars chosen this year received awards thru sponsoring business firms.

Margie was entitled to an award but changed schools. The award that would have been hers had she went to the school of her original choice was of course dropped. In the meantime the

MARGIE OLSON

national merit corporation had run thru its allotment of money for this year so there was no help for her. Because she is a national merit scholar, however, she gets a scholarship at Quincy college, Quincy, Ill.

Margie will major in languages.

She has been a steady honor student thru Lincoln-Way high school and also quite active in extra-curricular programs. Last year Margie spent the summer in Japan under the Lions club student exchange plan.

The Will County 4-H Share-the-Fun festival will be held Saturday, May 1, Lincoln-Way high school, beginning at 6 p.m.

"Share-the-Fun" is a 4-H activity that gives 4-H members experience in planning and conducting dance, dramatic and music presentations. 4-H members are encouraged to take part in their local 4-H club's act.

One act will be selected to represent Will county 4-H'ers at the state 4-H Share-the-Fun festival in August.

Webster Bay, assistant Will County farm adviser, said all 4-H'ers, parents, leaders and everyone interested in the 4-H program are invited to attend this activity. Admission is free and there is plenty of parking space available.

Kruzich and two other seniors received the "outstanding" awards, and hundreds of other students were honored with awards and recognition at the annual Honors Day assembly held April 22.

A marketing major enrolled in the college of business administration, he is the son of Mr. and Mrs. Joe Kruzich, 19925 Center, Mokena. He is a member of Sigma Chi social fraternity at UNM.

Here's Thief With Stuff To Build A House

Here's a thief who should be able to either start or complete a house. According to a report made to the Will county sheriff's office by Edward Langland, who is having a house built on 187th st. west of Wolf rd, someone carted off several thousand feet of material.

The theft is believed to have occurred last Thursday. Langland reported that he had been informed that a man was seen at the house site about 5 p.m. April 22. He had faded red, van type vehicle, it was said.

Missing are one hundred and twenty two by sixes, half of them 16 and half 18 feet in length; seventy two by fours, eight feet long; 1,500 square feet of manufactured painted siding in cartons; 2,000 square feet of roof sheathing and 40 sheets of five-eighth inch plywood. The material is valued at approximately \$1,000, it was said. Langland is offering a reward of \$100 for information leading to the recovery of the material and the arrest of the thief.

L-W Student Council Opens Job Center

With the combined purpose of aiding the community and the students, the Student Council of Lincoln-Way high school has embarked upon an employment service project.

It is prepared to help individuals or business firms in getting part time employees and at the same time give students a hand in finding such jobs. In short, it is the motivating force in a mutual benefit deal.

The student council employment service is prepared, according to Dale Cooper, chairman of the project, to provide the prospective employer not only with a candidate for a specific job but what it believes is the best qualified.

The jobs sought are those available before or after school hours, week-ends or vacations. These jobs are for both boys and girls, depending on the type of work involved, and include: gas station attendant; baby sitters, grocery stores, farm helpers, outside and inside clean-up jobs, secretaries, mechanics, electrical work, waitresses, waiters, gardeners, grass cutters, and so on.

The prospective employer is asked to get in touch with the student council's employment committee member nearest him. This member will fill out a card with the name of the prospective employer, the type of work

offered and the time and place of employment. The card will be taken to school and matched against cards containing the qualifications of a student job seeker best suited for the situation.

The project went into effect this week. Committee members for prospective employers to call are:

Frankfort-Mokena area: Jim Fredin, 469-4658; Jane Wheeler, 469-5410 and Joan Yunker, 479-5404.

Manhattan: Dale Cooper, 478-3383; Bob Gast, 478-3730 and Pat Hartnell, 478-3494.

Tickets are now on sale, at 75 cents for adults and 35 cents for students, for the annual spring band concert of Lincoln-Way high school to be presented on Friday, April 30 at 8 p.m.

At the close of the concert 29 outgoing seniors will be honored. Director Taylor says this band class represents the largest number of outgoing seniors since the school was organized.

The general public is invited to attend.

Airman Callen has been selected for technical training as a photographic specialist at the Air Training Command (ATC) school at Lowry AFB, Colo. His new unit is part of the vast ATC system which trains airmen and officers in the diverse skills required by the nation's aerospace force.

The airman is a 1964 graduate of Lincoln-Way high school.

Observe Law-Loyalty Day Tomorrow

Law-Loyalty Day will be celebrated tomorrow, April 30, at Lincoln-Way high school under the auspices of two posts of the Veterans of Foreign Wars, Harry E. Anderson Post No. 9545, New Lenox, and William Martin Post No. 725, Mokena. Harold L. Daily, chairman of the Americanism committee for the New Lenox post is in charge of arrangements. He is assisted by William Burkhardt, commander of the Mokena post.

A special feature of the program this year will be the showing of a painting by Will Harder, a New Lenox artist, of "The Wall," the infamous barrier erected by the Russians in Berlin. This painting, which has been shown in Europe and various American cities, depicts America's choice -- "freedom or internment."

Martin P. Gleason, of Joliet, owner of Gleason Equipment Co. at Chicago, is to be the speaker at tomorrow's program. Gleason, a graduate of Joliet Catholic high school and Notre Dame university, is active in politics and civic affairs.

Respect of law and love and pride of country are the lessons to be taught in tomorrow's program.

The Rev. Andre Schludecker, O.F.M., of St. Jude's church, New Lenox, will give the invocation.

The law enforcement agencies of the county will be represented by State's Attorney George E. Sangmeister and Sheriff Joseph Trizna, Arthur J. Muller, a past department commander of the Veterans of Foreign Wars of Illinois, will speak on the origin of Loyalty Day. Muller served overseas in the army in

World War II, and headed up the VFW's successful drive for an Illinois bonus for Korean veterans.

Ralph Sherman, of radio station WJOL, will serve as master of ceremonies. The program will be taped by the station for re-broadcast.

The Lincoln-Way band, under the direction of Robert Taylor, and the school chorus under the direction of Tom Olson, will contribute the musical portion of the program.

Area post commanders and VFW members are invited, as are grade school student councils. The entire eighth grade of St. Jude's school and Sister Mary Evelyn, the principal, will attend. Also among the guests will be Carl Jeppson, commander of the Will County Council of Veterans organizations.

"With the type of cooperation we have received from the school officials of Lincoln-Way and all others we have contacted," Chairman Daily predicted, "this will be one of the finest Law-Loyalty programs in the country."

Engineers To Report Status Of Road Plans

A report on the status of highway projects in the area is to be given tomorrow noon at a luncheon of the Joliet Region Chamber of Commerce in D'Amico's 214, Joliet.

J.H. Dinkheller, district engineer of the division of highways and some of the members of his staff from the district office at Elgin will be on hand to outline prospects for the various road projects.

One report is scheduled to cover the time table for completion of I-80 between Joliet and the tollway at Hazel Crest, a question that has had many different answers over the year.

Also in for comment is the proposed re-instating of grade separation plans for Cedar rd. north of New Lenox. It has been stated that the state and federal high-

way brass agreed to junk a grade separation for Cedar road because population figures for New Lenox did not warrant such an improvement. New Lenox officials observed that the population figures the highway brass were going by were those shown in the 1950 census. A lot of changes have taken place, they point out, in the past 15 years.

Area residents who use Washington st. going into Joliet will be pleased that one of the projects contemplated this year will be the resurfacing of that pitted thoroughfare. Improvements also are slated for the junction of Gougar road and U. S. 30. This is becoming an increasingly busy intersection, it was explained, with traffic operating on a catch-as-catch-can basis.

Fight, Thievery Mar Retreat

District 230 students will not be excused from classes to attend Recollection Day next year, nor will the school provide transportation for those attending. This decision was handed down by W. O. Fisher, superintendent of schools, following the reports of pilfering and general misbehavior by some of those attending the meeting last Friday.

Fisher, obviously distressed by the event, emphasized that the damage was the work of "about five per cent" of the total enrollment. "It's always that way," he said, "200 students work for six weeks on 'Bye Bye Birdie' (the spring musical) without incident, several hundred more work out in spring athletics without any trouble. But just a few of our students make headlines when they misbehave."

For ten years, students have been allowed to leave classes to attend the retreat at St. Michael's church at Orland Park, and for the past two years, the church has hired District 230 buses to bring students to the church.

Last Thursday, however, about 800 students from District 230 went to the program, according to Richard K. Kucera, dean of students at Sandburg. During two 15-minute recesses in the program, a fight broke out in the lavatory at the church and about \$200 worth of merchandise was pilfered from Wiles drug store in Orland Park.

Reaction by school officials and students was immediate. Fisher said that the students who misbehaved are the ones who are always disrespectful and have no pride in themselves or in their school. He stressed that the damage was caused by a relatively small number of students.

He called upon the "upstanding students -- the majority -- to win over the minority and help our school to be the fine institution it has always been."

Roy Butera, editorialist for the student newspaper at Sandburg, seconded this in a special edition published last Friday. "It is the duty of any student who knows definite facts -- not rumors -- to reveal what he knows to the proper people," he said.

At Sandburg the student council, in response to a plea from Kucera, is making plans for restitution to Wiles for the merchandise taken. An investigation has been launched to determine the students involved in the fights and pilfering.

At Stagg, a collection box was placed in the guidance office last Friday and clubs are contributing to the fund. Ray Benz, assistant to the superintendent in charge of the school, said he was "extremely disappointed in the students' behavior. This may be the space age," he told those attending the program, "but honesty has not gone out of style."

Apparently students from both schools were involved in the disturbance last week, it was stated.

About 10 boys, according to Kucera, were involved in the fight. Those involved would not reveal the names of others, but Kucera is confident that they will eventually be known.

He attributed the disturbance to "mob hysteria." He said that the fight has probably been brewing for a long time, was not unprovoked, and could have happened at any time. "Sandburg has been running smoothly all year," he said, "but an administrator would be naive if he didn't expect some conflict."

Kenneth Schuele, manag-

er, was the only person in Wiles store during the recesses. He said that although a great deal of merchandise was taken, apparently a comparatively small minority of students were directly involved.

New displays, set up following the Easter holiday, were completely stripped, according to an inventory taken last Thursday. Schuele listed 44 pairs of nylons, 33 lipsticks, shaving cream bombs, hairspray cans, ice cream bars and other smaller items among the loot. He said that it appeared that most of the stealing was done by girls.

Schuele estimated the retail value of items definitely missing as \$200. He also stated that the store would have to take a loss to the federal government of the 10 per cent excise tax on such items.

In spite of the widespread pilfering, Schuele does not believe that the majority of students were directly involved. "Because I was the only one in the store at the time, I was not able to watch the crowds that poured in. The whole situation might be attributed to lack of control," he said.

Summer School Registration Deadline May 1

May 7 is the deadline for registration in the Orland grade district summer school program. After May 7 classes will be formed and late registrations will be limited to classes available, it was announced by those in charge.

The cost will vary from \$2 to \$4 per subject. Courses being considered include: Grades 1, 2 and 3 reading, remedial and enrichment; arithmetic, grades 1, 2 and 3, remedial only; grades 4, 5 and 6, reading, and arithmetic for same grades, remedial and enrichment; grades 4, 5 and 6, science, enrichment only; 7th and 8th grade reading and arithmetic, remedial and enrichment; 7th and 8th grade field biology, enrichment only.

Job Placement Service Opens At Stagg High

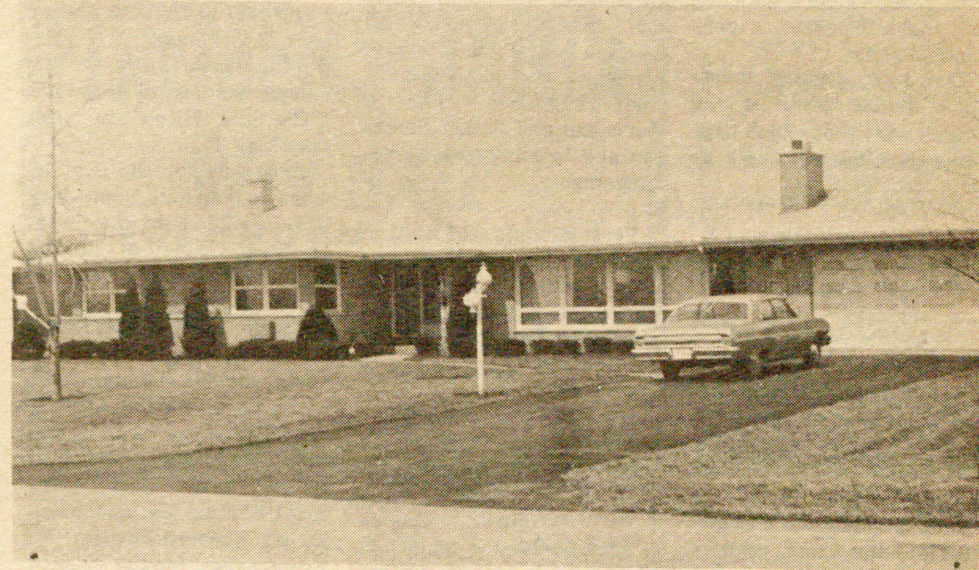

A program designed to help both students looking for work and residents needing help is in the offing at Stagg high school, according to Miss Joanne Osmond, counselor. It will be the school's first job placement service.

Miss Osmond is asking people who want help during the summer to call her at 448-8000. She will keep a file of job requirements, hours, and pay rates.

"Bye Bye Birdie" Is Hit With Sandburg Audiences

Resplendent in his gold lame suit, Conrad Birdie (Jim Leatzow) had them dropping like flies. His hip-wiggling, shoulder-swinging, mike-swallowing bellows felled the girls at the rate of at least 10 a minute.

But it was Gerald Coleman, the distraught Mr. MacAfee, who stole the show in Sandburg's spring musical, "Bye Bye Birdie" last week. His grandiloquent indifference to life around him and his raging insistence upon "respect" provoked laughter from both young and old in the audience. Perhaps because the figure was familiar.

As it came to life under the direction of Donald Steinhardt, "Birdie" had a little of everything: plenty of sight gags, a burlesque of the big beat (or perhaps the big beat of burlesque), topical jokes about the mayor of Chicago, and even a ray of hope for the future. Maybe those kids aren't so bad after all.

"Birdie" is the story of an Elvis Presley type singer who is drafted (or volunteer-

after school and during the summer will come to her office, where they will be matched with the job requirements.

Students at Stagg, who will be sophomores next year, range in age from 14 - 16 years. Although many of them cannot qualify for work permits, they will be available for baby sitting and lawn work. Miss Osmond said she hopes that the placement service can help both employers and students.

ed, there is some question about this point) into the army. As a last grand publicity fling, he agrees to kiss the typical American girl goodbye in Sweep Apple, Ohio.

The rest of the story revolves around the adults' attempts to understand what might be called a sociological phenomenon and the teens' attempts to straighten out their romances.

"Birdie's" success at Sandburg lies not entirely with the script, however. Steinhardt's directing was deft, with a number of clever pieces of business which de-

lighted the audience without being obtrusive. Everyone on stage, by reacting to what was being said, seemed to be part of the action every moment.

Steinhardt was assisted by technical director, Miss Sarah Stephens -- on loan from Stagg High School. Miss Stephens was a member of the Sandburg faculty before being transferred to Stagg as chairman of the humanities division.

Choral director Eugene Biggs and orchestra director John Gelsemino also deserve plaudits for their work, as do the nearly 200 students who labored over the production for about six weeks.

The choreography, which lightened and brightened the whole production, was under the direction of Miss April Zorn and Miss Kathy Kruger.

Two CSHS Juniors To Study In Argentina

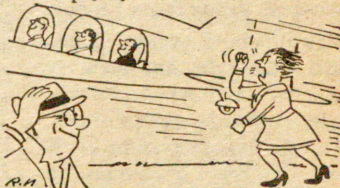

Two juniors from Carl Sandburg will spend the summer in Argentina, not vacationing, but attending classes there. They will go as part of the Inter-American Cultural Exchange (IACE), according to Miss Donna Kraucellunas, Spanish instructor at Sandburg.

The two students are Patricia Kelly of 7950 W. 99th Street in Oak Lawn and Raymond Riley of 8535 W. 119th Place in Palos Park. Both have been studying Spanish for three years.

They will be required to attend high school as auditors and take part in school and family activities.

Miss Kelly and Riley were selected by a faculty committee to make the trip. Both have a basic knowledge of the Spanish language, an average or better academic record, and have exhibited mature behavior.

They will depart the United States on June 27 and return on Sept. 5.

"Now that man has learned to move faster than sound, women are at a distinct disadvantage."

Sandburg Senior Wins Coveted Scholarship

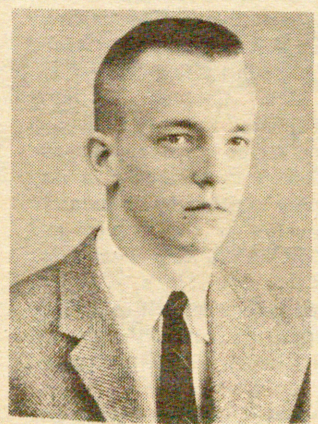

A Carl Sandburg senior has just been awarded a NROTC scholarship estimated to have a value of \$2,300 each academic year. He is Hugh Douglas ("Doug") Connell, son of Mr. and Mrs. H. D. Connell of 12101 87th ave., Palos Park. He will use the scholarship to attend Yale university.

Connell received the award after participating in interviews, taking the Navy College Aptitude Test, Mechanical Aptitude test, preference tests and the necessary physical examinations.

Robert R. Ramsey, Jr., director of admissions at Yale, wrote Doug that he is "to be congratulated warmly for this distinction in the face of stiff competition... We look forward to having you at Yale."

The scholarship covers tuition, transportation, uniforms, books, fees, and \$50 a month spending money at any or over fifty schools. In order to receive the award, Connell must join the NROTC unit at his college, participate in three summer cruises, and serve six years in the Navy, four of which must be in active service.

Connell, who was recently named an Illinois State Scholarship winner, ranks approximately 20th in his

DOUG CONNELL

Senior class with an average of 3.47. His tentative college majors include engineering and naval science. He hopes to be assigned to aviation in the navy.

At Sandburg, Connell is editor-in-chief of the "Aquila", the student newspaper; a member of National Honor Society and Letterman's club. He is active in swimming and track. He also writes sports articles for the Graphic Newspapers.

He has also served on the Student Council and in the Sandburg Guard. His science project this year received a first at the district science fair and he will represent Sandburg at the State Science Exposition next month.

MRS. DELORES ANDERSON
Telephone: 485-3651

Hey, Dads! That Ball Field Needs Grading

MRS. EDWARD HOVI
Telephone 479-5740

Calling all Dads! Saturday morning, May 15, at 9 a.m. all Dads are requested to present themselves at the baseball field, equipped with rake and shovel.

After the long, hard winter the baseball field is in dire need of work. This is a major job which can not be done by three or four of the usual workers. It will require the efforts of all the Dads having sons playing baseball. There will be heavy equipment there that day to make the work somewhat easier, but there is no substitute for a hand raking. If all the Dads come out, the job can be completed in a relatively short time with a minimum of blisters and creaky muscles.

Saturday morning, May 1, practice sessions will start. Beginning at 9 o'clock the boys, 9 to 12 years old, will use the field. At 12 noon the 13 thru 15 year olds will have their turn, and the eight years olds will finish up the day from 3 o'clock on.

Since there were not enough 16-year-olds registered, there will be no team for them.

Any business or organization who would be interested in entering a float in the baseball parade on May 23 is asked to contact Joe Mangan at 479-3921 by the deadline date of May 4.

The committee is trying to make this parade a bigger and better one to open the baseball season. There will be trophies awarded to the floats judged to be the best in the parade, so everyone out to make a success of the efforts.

Ladies and gentlemen, please run don't walk to the nearest collection point for S & H trading stamps to furnish uniforms for the baseball team. Three men are

collecting the books: Joe Mangan at 9502 West Hickory st., telephone 479-3921; Dick Prather at 9400 West Willow Lane, telephone 479-3451; and Jordan Marzano at 9305 West Magnolia, telephone 479-9263. There is also a collection container at the Arbury Hills Texaco Service Station for either full books or loose stamps.

There are still a very few tickets remaining for the Candlelight bowling party, sponsored by the Baseball league. The tickets are \$3 per person which includes both the bowling and a cocktail hour. Anyone still desiring tickets should contact Joe Mangan without delay.

The Secretary's Book of the Arbury Hills Baby Sitters Cooperative will change hands tomorrow, April 30, from Mrs. Rose Bodhaine to Mrs. Ardell Borchert who will act as secretary for the coming month.

Any member needing a baby sitter is asked to contact Mrs. Borchert at 479-5998 at least twenty-four hours in advance of the date needed. If there is any mother in Arbury Hills interested in joining the group, she should also contact Mrs. Borchert at the above number, for further information.

The Junior Girl Scouts went on a hike to the Mokena Park on Monday, April 19, followed by a day of camping out. The girls were delivered back home by car, since their hiking experience had been limited.

Mr. and Mrs. Dale DeVries of Willow Lane found out how many friendly neighbors they had recently when Dale fell in the bath tub and broke the glass shower doors seriously injuring himself. Let this be a reminder to others to take a little more care with the familiar things around the home which are

potentially dangerous.

Mr. and Mrs. Francis Crones of 9402 West Ash are being visited by Carolyn's parents Mr. and Mrs. Bennett from Manchester, N. H. for two weeks.

The Summit Hill Boy Scout Troop Number 10 will have their regular monthly newspaper drive this Saturday morning beginning at 9:30 a.m.

Anyone wishing to contribute newspapers, magazines or other easily transportable paper goods is asked to have them bundled in some manner and placed either at the front door or at the garage door before 9:30 a.m. Do not place them at the curb, since they might interfere with the garbage collection which also takes place on Saturday morning.

The First Nighters will have their regular monthly meeting at the home of Mrs. Alice Broekstra on Thursday evening, May 6, at 8:00 p.m.

Following the meeting of the board of directors of the Arbury Hills Civic Association, it was decided that further investigation was nec-

essary into a dollars and cents cost of a fiscal budget and approximate tax levy if Arbury Hills incorporates as a village.

When all the facts and figures are compiled, a printed brochure will be passed out to all the residents of the community. It is hoped that the brochure will be available for distribution to each home by the first part of May.

There will then be either a house to house canvass or small house meetings held to answer any additional questions that the residents may have on the subject.

In a week to ten days after the answering of questions there will be a house to house canvas vote of all adults in the area to determine the decision of the majority of adults.

The results of the vote should be ready for announcement by the next general meeting of the Civic Association on the fourth Tuesday in May, May 25.

If you have some free time, and would care to as-

sist the Civic Association in this major project in some capacity, please contact Dick Schwarz at 479-5159 or Mary Williamson at 479-5603.

The Cub Scout Pack Number 10 will hold its regular

monthly pack meeting at the school this Friday evening, April 30 at 8:00 p.m. Each boy is expected to be accompanied by at least one of his parents, since Cub Scouting is a family project.

Public Service Co. Now Commonwealth Edison

Commonwealth Edison Company will be the name of the electric company serving 368 northern Illinois communities, as well as Chicago, effective July 1.

Arthur J. Moore, Western division vice-president, announced today that the Public Service Company name will be discontinued as Edison service is uniformly established over the company's 11,000 square mile service area.

"Electric service to our 399,000 Western division customers will in no way be affected by the consolidation of our identity," Moore said. "It should help us, in

fact, to improve our relations and communications with all customers."

Moore said Edison service in this locality will continue to be administered from the company's division headquarters in Maywood and from the Glenbard area headquarters in Lombard.

Public Service Company (of Northern Illinois) was incorporated in 1911. It became a subsidiary of Commonwealth Edison in 1937 and was merged into Edison in 1953. Commonwealth Edison Company, founded as The Chicago Edison Company, was incorporated in 1887.

Auxiliary Police Aids Regular County Force

Will County's Auxiliary Police Force is an active, progressive unit with the same authority held by the regular members of the sheriff's staff.

The auxiliary department moved another step forward recently with the acquisition of a new station wagon. In the case of emergency, it can be used by the regular staff. The latest addition is used primarily for general patrol. It was acquired through contributions and appropriations.

The auxiliary was formed first in Frankfort some eight years ago to help relieve the county police force of some of its work load and to give all parts of the county more adequate police protection. The auxiliary was made a county wide association by Sheriff Joseph R. Trizna, Oct. 20, 1963, with the sanction of the county board of supervisors.

The auxiliary is fast-growing. Membership now stands at about 60. It is the aim of Trizna and Lt. John Shelley, who directs the auxiliary, to have at least four auxiliary members in each of the 24 townships of the county.

Not just any individual can become an auxiliary police officer. The by-laws for membership require that a man must live in the county for at least one year before he can be considered. Further, the by-laws require the sheriff to give his approval to all memberships. Acceptance of a member depends on the individual's past record and conduct. The organization is non-political, non-sectarian, and race, religion or creed are not considered. Membership is permanent and cannot be revoked because of political beliefs.

The auxiliary members take their orders from the sheriff or the man in his office who is assigned to work with auxiliary.

The Sheriff and Lt. Shelley meet with the auxiliary

every second Wednesday. Discussions center around means of improving the department. Once a month training sessions are held in Joliet. The men report for these sessions in full uniforms. Experts in various fields address them including those working closely in investigations dealing with narcotics, juvenile delinquency, traffic, murder, burglaries, robberies, illegal entry into the country by aliens and the state game warden. Techniques of handling firearms have been demonstrated.

The auxiliary officers patrol the county regularly. They have assisted in apprehending a number of criminals when they were on hand at the right time.

The auxiliary assists in handling traffic at the county fair at Peotone.

Ranks have been set up to give recognition to members who take a keen interest in the work and are active over a period of years. There are lieutenants and sergeants in the department.

In emphasizing that they are volunteers Lt. Shelley said a member automatically can be expelled from the auxiliary for accepting any type of gratuity.

Thanks to these men, the outlying areas of the county now have more and better protection than ever before.

Riviera Club Will Show Its Facilities

MICHAEL J. HANNON	NANCY GASIOR	OSCAR LAWTON
ALLEN WELLS	FRANK W. GASIOR	THOMAS W. MURPHY
HENRY CMIEL	EDWARD TESMER	SHERLOCK J. HARTNETT

Members of our Board of Directors are accomplished people of varied backgrounds in law, real estate, investments, and business management. Some of our Board members have been associated with FINANCIAL FEDERAL SAVINGS since our original charter was issued in 1924. Two of the present Board Members each have over 24 years service and are sons of original founding directors. Still active in an advisory capacity and honorary member of our Board of Directors is the original managing officer, John Loenert, who served in this capacity from 1924 to 1958.

The judgment of our Board of Directors provides the continuity of sound direction which is so important in maintaining the strictest standard of loan evaluation and maximum prudence in the investment of saver's funds.

FEDERAL CHARTER

FINANCIAL FEDERAL SAVINGS and Loan Association was chartered by an Agency of the United States Government. Through this Agency, FINANCIAL FEDERAL became a member of a strong nation-wide Savings System comprising of over 1,970 Federal Savings and Loan Associations, whose purpose is to provide a safe and profitable method for people to save money, and, offer a practical way for families to acquire their own home.

FEDERAL SAVINGS AND LOAN INSURANCE CORPORATION

Your Savings are insured to \$10,000 by the Federal Savings and Loan Insurance Corporation, a permanent agency of the United States Government.

FEDERAL HOME LOAN BANK SYSTEM

Safety through the Federal Home Loan Bank System was established by an Act of Congress in 1932. This System is charged with the major responsibility of chartering and supervising all Federal Savings and Loan Associations, including the periodical examination of associations. The eleven Federal Home Loan Banks in the system provide a dependable source of credit to individual Savings and Loan Associations, when supplementary funds are required to meet unanticipated withdrawals of savings or seasonal and other fluctuations in the demand for home mortgage loans.
